

BEMER PEMF Therapy | Pulsed Electromagnetic Field Therapy

life.bemergroup.com/pemf-pulse-electro-magnetic-field/

Find a distributor

Your body generates electricity

Did you know electricity is running through your body right now? All living things generate electricity and without it we cannot live! The elements in our cells (think oxygen, hydrogen and carbon) carry different electrical charges to create electricity and send vital signals to different parts of the body. (Source: [University of Maryland](#))

All of these vital materials are transported throughout our body via the circulatory system. So both electricity and blood flow are crucial to maintain and sustain optimal physiological function.

So, what is PEMF therapy?

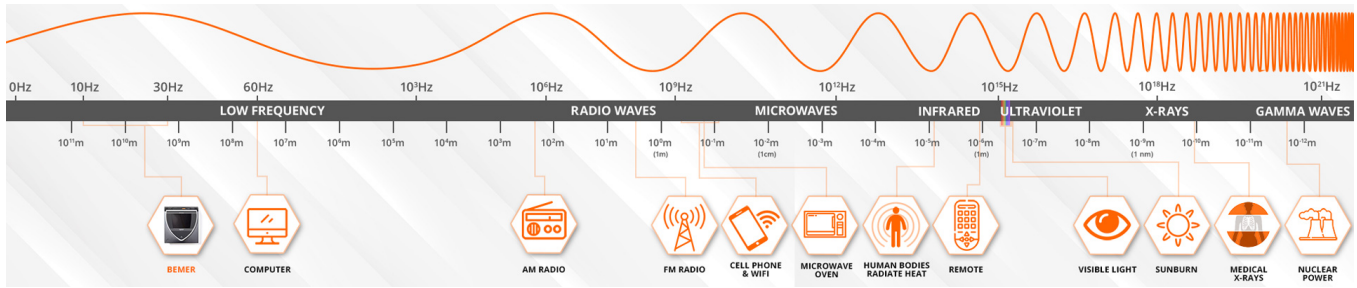

PEMF stands for Pulsed Electromagnetic Field. Devices that use PEMF technology for therapy produce electromagnetic fields with various waveforms and frequencies that stimulate healthy muscles in order to improve and facilitate muscle performance. Uniquely, the BEMER device thereby temporarily increases local blood circulation in healthy muscles.

The effectiveness of these waves depend on specific parameters to target our cell tissues. Much like a musical song that has a specific melody, rhythm and tempo, PEMF therapy devices deliver waves in an organized sequence (melody), at specific frequencies (rhythm) set to a certain pulse (tempo).

Is PEMF therapy safe?

In short, yes! For starters, electromagnetic energy is around us all the time—from the shows we stream on our phones, to listening to the radio and even in the human body (which emits heat, i.e. infrared waves). Check out this [educational video](#) from NASA that explains the electromagnetic spectrum.

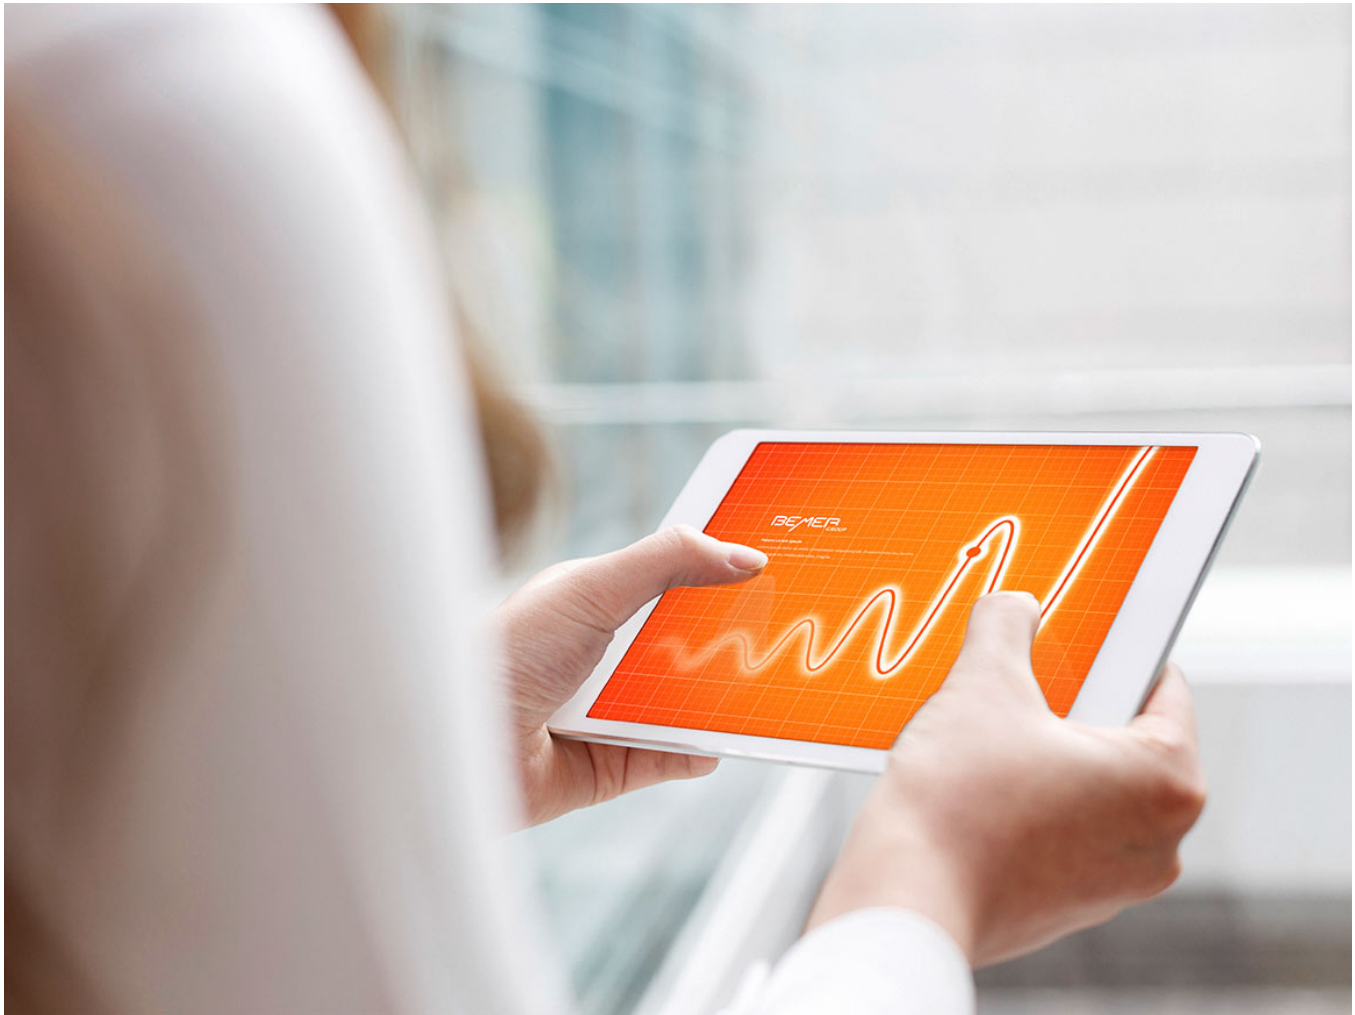

PEMF devices are safe because the waves they produce are located toward the lowest end of the electromagnetic spectrum, which means they are safe to pass through the human body.

How does PEMF therapy support the body?

Local and targeted PEMF therapy directly stimulates electrical activity within the muscle tissues “the field” interacts with. Think of charging a toothbrush or a cell phone wirelessly. The concept works the same within the body. But instead of charging a battery – you are charging your cells! When your cells are charged, they can provide the highest level of functionality to you, supporting your optimal performance and expedited recovery. BEMER works in concert with your body, enhancing the vitality within.

The BEMER Difference

BEMER stands for Bio-Electro-Magnetic-Energy-Regulation. BEMER devices use a pulsed electromagnetic field (PEMF) to deliver a patented bio-rhythmically defined therapeutic signal.

BEMER is an FDA Class II cleared consumer medical device that's easy-to-use, non-invasive and is intended to stimulate healthy muscles and to temporarily increase local blood flow in healthy muscles.

BEMER is a unique FDA Class II cleared PEMF device designed specifically to target the circulation within the musculature in healthy muscles — the core system necessary for optimal health. Dr. Rainier Christian Klopp dedicated more than 20 years of his life and career to studying the relationship of electromagnetic therapy and the effects on blood flow and the microcirculatory system.

How to buy a BEMER Product

Thank you for your interest in BEMER! All BEMER products are only sold by official BEMER distributors. If you're not already working with a BEMER Distributor, please click on link below and provide your contact information; a BEMER distributor will contact you.

[Find a distributor](#)

The physiology of the human body is the phenomenon, BEMER simply helps the body do what it already does naturally.

Blood is the body's universal means of transport; oxygen, nutrients, chemical messengers (e.g., hormones) and immune cells are all transported through our blood. When our body's cells, tissues and organs are adequately nourished and metabolic waste products are removed, our bodies are more healthy and function properly.

Many physical discomforts and impairments are directly related to diminished circulation. This is because healthy circulation is the cornerstone of health! Without good blood flow, you simply cannot be at your best.

BEMER's patented signal has been scientifically shown to temporarily improve blood flow in healthy muscles.* Improving local blood flow circulation within the muscle tissue is vital in optimal muscle function and performance.*

**These statements have not been evaluated by the FDA. BEMER does not provide any medical advice or services. This device is not intended to diagnose, treat, cure or prevent any disease. It should not be used for any purpose other than as described in the user manual. Please consult your own healthcare provider if you have any medical issues.*

Better circulation means:

BETTER SUPPLY OF OXYGEN

BETTER SUPPLY OF NUTRIENTS

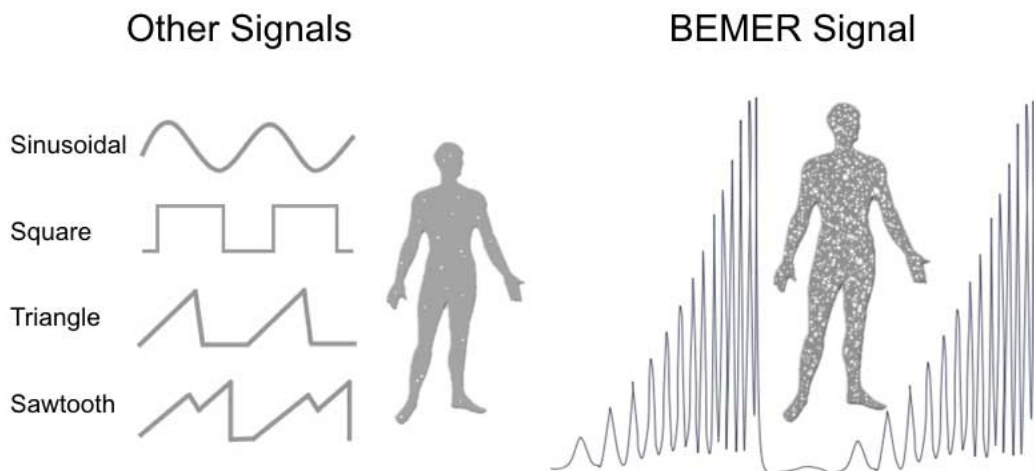

BETTER DISPOSAL OF WASTE

What sets BEMER apart

- Unique & Patented
- Specific Delivery Configuration: A specific frequency over a specific timeline
- Results: Studies in PubMed.gov

The unsurpassed BEMER signal sets a new standard in the industry with its complex, carefully tuned configuration and timing. Nearly two decades of research and development have resulted in BEMER's unique bio-rhythmically defined signal. This signal is patent-protected, a feat of German engineering, and used exclusively by BEMER. Complex calculations and processes are the basis of the signal's creation by the B.Box control unit. The signal is then transmitted to the application module for delivery into the body.

See what others are saying...

"I have been using the BEMER for about 4 months now and it has significantly improved my sleep and energy level.† I also use the BEMER before I work out and it gives me a boost of energy which motivates me to train at a higher intensity."

Laila Ali

Health & Wellness Celebrity

"In daily riding, recovery is [important], but in Race Across America, recovery is everything. Riding with BEMER helped us cycle better. You felt it the next day—you'd get on your bike and you had power in your legs, energy and mental awareness. There's a big difference when you're running on BEMER."

Team BEMER

Professional Cyclist Team

"I take BEMER on the road with me when I travel to golf tournaments, and it has really helped with overuse of my body.† It definitely helps me move through life a little bit better"

Fred Funk
Professional Golfer

† Individual results vary, and testimonials are not claimed to represent typical results. All testimonials are provided by compensated brand ambassadors.

Mike Weir

Professional Golfer & Masters Champion

"With years of competition and training taking a toll, Bemer has helped elevate my recovery to the next level, while also becoming a critical part of my preventative care routine. For me, there's nothing quite like it."

George & Chris Veronis

National Directors

Albert C. Bosch

Chief Executive Officer of BEMER Group North America

Peter Gleim

Founder of BEMER

Peter Gleim founded BEMER in 1998. The company was originally named Innomed International AG and in the year 2010 was renamed accordingly. Today, Gleim brings along many years of experience in managing the company as Chairman of the Board of Directors.

Dr. Joshua Berka

BEMER Medical Consultant

Dr. Joshua Berka has served as a medical consultant for BEMER for the past 12 years. He is a double board certified physician in the fields of both Eastern and Western Medicine. At the 2020 BEMER GO convention, Dr. Berka will deliver a presentation related to BEMER as a lifestyle intervention that can be used to support our health and wellness. In addition, he will lead a medical panel that explores the current chronic health crisis and the important role of BEMER for our home care and clinical applications.

Robert Moll

CEO BEMER AG

Robert Moll has been with BEMER since 1998 and became COO in 2003. He has been CEO since 2015 and is responsible for Factory Management, General Admin, Finance & Controlling, HR, Regulatory Affairs / QM, and UX / IT.

Kindra Hall

President & Chief Storytelling Officer at Steller Collective

Kindra Hall is President and Chief Storytelling Officer at Steller Collective, a consulting firm focused on the strategic application of storytelling to today's communication challenges. Kindra is one of the most sought-after keynote speakers trusted by global brands to deliver presentations and trainings that inspire teams and individuals to better communicate the value of their company, their products and their individuality through strategic storytelling.

Brooke Burke

TV Host, Fitness Guru, BEMER Ambassador

For the past three decades Brooke has experienced a successful career in the entertainment industry co-hosting shows such as Dancing With the Stars and launching her own Brooke Burke Body fitness app. Brooke's passion for fitness, health & wellness have been the foundation of balancing her family and a thriving fast-paced career.

Brad Horn

Director of Marketing North America

Brad is a classically trained marketer with over 20 years of marketing experience working with some of the world's most iconic brands including Disney, Pepsi-Cola, Anheuser Busch, American Express, and General Motors to name a few. Brad joined BEMER in 2018 and oversees all North American marketing initiatives including brand strategy, advertising, communications, public relations, social media, ambassadors, and

website management. Brad is originally from Los Angeles but now lives in San Diego with his wife and 3 children.

I ACKNOWLEDGE

"As a cardiologist, I know the importance of a healthy circulation. The patented BEMER signal increases vasomotion within the arterioles which propels the blood into the capillaries. This vascular network delivers oxygen and nutrients to our cells. The signal also increases the elimination of metabolic waste. Thus, BEMER assists in maintaining healthy organs in our body."

Judson S. Millhon MD, FACC

Cardiovascular Disease and Interventional Cardiology Specialist

"Even after 7 years of using BEMER therapy I have been pleasantly surprised to see further benefits in energy and exercise recovery. Thanks to BEMER I'm in better shape now than I was 15 years ago. The restorative sleep I have using BEMER allows me to run a busy clinic and keep helping others.* I enjoy seeing improved overall health and function in my patients by safely supporting their circulation with BEMER therapy."

Dr. Kevin Shaw ND, EAMP

Triple board certified in Naturopathic Medicine, Chinese Medicine and Acupuncture

"BEMER has helped me offer a higher level of care and better results to my patients. We've seen patients have incredible turnarounds when they combine our care with the benefits of in-home, lifestyle support from BEMER. It has also given me a chance to build a business where I can help people get the care they need at home in a season when people were required to stay home."

Dr. Jonathan Lazar, D.C.

Upper Cervical Chiropractor; Clinic Owner, Professor, Author and Radio Show host

"I have had great success in improving my performance and recovery for all of my workouts. I have seen this in all levels of athletes that I take care of as well. I am sleeping better and have more energy every day."*

Doug DiOrio, MD

Sports Medicine and Family Medicine

"As a PT and lifelong athlete, I'm always looking for optimal ways to support the best performance of the mind and body. BEMER has been that answer for me as it allows my aging body to feel and function better than it has in years.* Integrating BEMER into my daily routine has been a game changer for me and my clinical practice. BEMER allows individuals to access great self care at home daily and support peak performance of their own mind and body."

Elizabeth Pearl, MPT

CEO & Owner Pearl Physical Therapy, 20+ years of clinical practice as a PT

"BEMER helps me recover from frequent muscle stress due to the explosive demands of the sport on an older body. It only takes half the time to recover and enable me to train and compete again.* Professionally, I use it on my patients for so many benefits in terms of healing and post op management."

Dr. Stephen Chan, DMD, BS, CFT

Functional Whole-body Dentist, Elite masters sprinter

"BEMER has been a true blessing in my life. I've been using BEMER every day since 2014 and I am continually amazed by its many health benefits, ease of use and safety."

Stephen Weiss M.D.

Private Practice in Integrative Medicine, Santa Fe, NM, Board Certified Family Physician

Brittany Bowe

5x Speed Skating World Champion, Olympian, World Record Holder

Brittany Bowe is a legendary world champion speed skater, and we're excited to welcome her to our team of ambassadors! A native Floridian, Brittany was a natural at many different sports when she was young. She grew up playing basketball, soccer and became an inline skater at the age of 8. Fast forward to 2013, and you'll find Brittany at the ISU Speed Skating World Cup setting a world record for the 1000m race. Just one year later, she qualified for the 2014 Sochi Olympic Winter Games and took 6th in the Women's Team Pursuit. More recently, at the end of January 2021, Brittany took 1st in both the 1000m and 1500m at the ISU World Cup, a feat that hasn't been achieved in four years! To fuel her incredible endurance and keep her on the podium, Brittany works incredibly hard off the ice and harnesses the power of BEMER PEMF therapy to recover.

"As an elite athlete, I am always pushing my body to the limit. We sometimes forget that when we train hard, we must recover hard as well. BEMER plays a critical role in my recovery process and helps aid quick turnaround time between training and competitions. By improving blood flow and circulation with BEMER, I am able to recover faster and train harder."

Amy Van Dyken

6-time Olympic Gold Swimming Champion

Amy Van Dyken Rouen is a 6-time Olympic gold swimming champion. She was born and raised in Colorado and still spends a lot of time there, but resides full-time in Arizona. In addition to winning 4 gold medals at the 1996 Summer Olympics and two more at the 2000 Summer, she was named Swimming World's Swimmer of the Year in 1995 and 1996 and Olympics, she is also in the International Swimming Hall of Fame and the United States Olympic Hall of Fame. Since retiring from swimming she has cohosted a sports radio show, been an NFL sideline reporter. She is also married to former NFL Super Bowl champion, Tom Rouen. In 2014, she was injured in an ATV accident. She currently travels the country giving motivational speeches.

"Since using Bemer, I have been recovering from my CrossFit workouts much faster. I feel refreshed when I wake up, and overall healthier."

Fred Funk

Professional Golfer with 8 wins on the PGA Tour & 9 wins on the PGA Tour Champions

For nearly three decades Fred Funk has competed as an American professional golfer. Now he's using BEMER to extend his already successful golf career. Fred played on the PGA Tour for almost 20 years before joining the PGA Tour Champions in 2006. Throughout his career he boasts 29 professional wins, including 8 on the PGA Tour and 9 on the PGA Tour Champions. He was introduced to BEMER by a friend and has been using the device ever since.

"I take BEMER on the road with me when I travel to golf tournaments, and it has really helped with overuse of my body and I have more energy the next day. It definitely helps me move through life a little bit better."

Team BEMER

Professional Cyclist Team

In 2018 Team BEMER set both the land speed & time record for RAAM (8-Person Category)

RAAM is a cross country cycling race from Oceanside, California to Annapolis, Maryland. The 8-person team races non-stop, day and night, until they reach the east coast. In 2018, Team BEMER broke the record broken the 8-man team record of 24.19 mph previously set by Team Allied Forces in 2013 when they finished in 5 days, 3 hours and 45 minutes on a 2,962-mile course. Team BEMER finished with an overall average speed of 24.91 mph to break the average speed record AND, despite 119 extra miles of the new 3,081-mile course, they also broke the time record with a finish of 5 days, 3 hours and 43 minutes. BEMER was instrumental as they rode across the U.S.

"In daily riding, recovery is [important], but in Race Across America, recovery is everything. Riding with BEMER helped us cycle better. You felt it the next day—you'd get on your bike and you had power in your legs, energy and mental awareness. There's a big difference when you're running on BEMER."

– Chris Demarchi – RAAM Team BEMER Captain

Denise Korenek

Professional Cyclist & 2-time Guinness World Record Holder

Denise Mueller-Korenek is a record-breaking American cyclist. In 2018 she set the world record for paced bicycle land speed (set by any man or woman) and is considered "the fastest cyclist on earth". What was that record-breaking time? It was a mind-blowing average of 183.932 mph (296.009 km/h), which she achieved using a custom-built carbon KHS bicycle behind a uniquely designed drag race car to minimize air resistance. She accomplished this incredible feat at the age of 45 while using BEMER as part of her training regimen.

"In September 2018, I set the World Record for the fastest human on a bicycle at 183.9mph, using the BEMER as an integral part of my daily preparation. In September 2019, I plan to break another World Record in cycling. I use my BEMER on specific programs during the day to help give me maximum performance, muscle stimulation and rest. The benefits of the BEMER help me go above and beyond in my training."

Ben Garland

Professional Football Player, San Francisco 49ers

As a professional football player, Ben Garland knows the importance of optimal recovery from training to game day. Garland is currently an offensive guard for the San Francisco 49ers of the National Football League (NFL). He began his professional football career with the Denver Broncos in 2010, and eventually moved to the Atlanta Falcons from 2015-2018. Garland is also known for his valor on and off the field. He was second lieutenant in the U.S. Air Force from 2010-2012, and continues to serve our country as a Public Affairs Officer with the Colorado Air National Guard during his offseason from the NFL. For nearly a year Garland has implemented BEMER into his daily routine to keep him in peak condition during the intense NFL season, and we're proud to have him on our ambassador team.

"Whether I'm practicing on the field or training in the gym, my job is physically demanding every single day and using BEMER helps me be game-ready each week."
